## CHAPMAN EXCHANGE

3-67. Richard E. Hall, 304 10th Street N. W., Austin MN 55912 has sent his chart which shows his Chapman line beginning with his mother Doris B. Chapman 1902 MN, Daniel Rosby Dice Chapman 1854 PA, Simon 1819, and Richard 1789. Apparently he needs more information on RICHARD CHAPMAN born October 6 1789, died March 7 1837 and married a Hannah. They were probably from Clarian County, Pennsylvania.

3-68. Doris Cash Pruitt 1570 Buckner Road S. E., Mableton GA 30059 has a Chapman line that begins with her 2nd Great Grandmother, PRUDENCE ADALINE CHAPMAN, born 1822 and died after 1880 in Cobb County, Georgia. She married Leroy Buckner July 6 1839 in Monroe County, Georgia. Prudence was the daughter of ISAIAH CHAPMAN who married Prudence Ann SLAUGHTER September 20 1814. I am sure she would appreciate any information you have on either of these Chapmans.

3-69. Mrs. Sam Clay (Mary Lou) Chapman, 916 Ridgeway Drive, Liberty MO 64068 sent the following on her husbands line: his father was Samuel James 1897 MO, William Asbury 1856 IN, William Harrison 1811 ME. Although she asked for no help she probably needs help with WILLIAM HARRISON CHAPMAN and the others.

3-70. Luella White, Route 1 Box 16, Geneseo KS 67444 is looking for information on JOHN CHAPMAN and Martha HILDRETH Chapman, his wife, who resided in Franklin Co. Indiana in 1827. They had one son Marvin born October 21 1827 in Franklin Co. Indiana. It is believed that Marvin's father, John, died there. Marvin and his mother later moved to Lee Co. Iowa. Marvin Chapman had a son William 1860 MO whose daughter, Irene 1899 KS, was the mother of Mrs. Whites husband.

3-71. Robert R. Handley, 874 Lemon Drive, Camarillo CA 93010 sends two inquiries: Need information regarding the parents of HENRY CHAPMAN, born in Vermont in June 1816 (not in 1822 as shown in the last edition). He died in 1902 in Monmouth County, New Jersey. He and his wife, Hannah Ann LAMSON, are buried at Cedar Run, New Jersey. Does anybody have any information on the Vermont Chapmans?

3-72. Robert R. Handley, (see previous inquiry) Needs information regarding the CHAPMAN family of Isle of Wight County, Virginia. His fourth great grandmother, Mary Chapman, was married to John APPLEWHITE. Her father was JOSEPH CHAPMAN of Isle of Wight County, Virginia. He died in 1729, Isle of Wight County, Virginia. His wife's name was Alice (maiden name unknown). He would like to hear from anyone regarding the Isle of Wight Chapmans.

3-73. Mrs. Francis E. Horn, 110 Boston Drive, Watonga OK 73772 sends the following: The Chapman in my husband's family was MELVINA CHAPMAN born February 1837 in Virginia. Both of her folks were born in Virginia also. She was married to Joel HORN between 1854-55. This couple had 5 children, although he was a widower with 5 children with his first wife, Mary A. --- from Tennessee. Joel and Melvina's first child was Elbert Severe Horn. Joel Horn died in 1873, but we found Melvina on the 1900 Census of Washington Co. Virginia

listed as head of the family age 63.

3-74. George F. Van Dyke, 1228 Baker, Wichita KS 67212 looks like he may be a close Chapman cousin. His line (wife's actually) comes from the same part of Indiana as ours (Mary's) does. His wife's great grandmother was Sarah Ann 1867 d/o Enoch Chapman 1839 IN, s/o George Chapman. GEORGE CHAPMAN who married Elizabeth Marley, and who apparently spent most of his life in Lawrence Co. Indiana, seems to be the end of their line. Let them hear from you.

3-75. William E. Britnell, 1043 Lorne Park Road, Mississauga, Ont. L5M 2Z9 (Canada) has joined our group, but has not sent his lineage. He has informed us that he is interested in the CHAPMAN family of Bucks Co. Pennsylvania.

She died September 25 1895 at Hutchinson, Reno, Kansas, and is buried at Pleasant Valley Cemetery near Bentley Kansas. Micki says family tradition makes Susan the daughter of Ellis Chapman and Sarah Warren. Siblings are Eliza A. born about 1826 and married James M. MARTIN, Elizabeth who married a MCMASTER, and lived Fayette County, Ohio, John had sons Charlie & Warren and lived Chillicothe Ohio, Jefferson lived Frankfort Ohio, and William Henry Harrison who married Mary ROSS.

Dee says, All that I know is HENRY CHAPMAN and Addie DUNPHY or DURPHY were listed as being born in Ireland on the 1900 census of their son Ulysess David. The marriage certificate of Ulysess David gave the names of his parents, Henry and Addie. They were in Cedar Co. Iowa in 1867. I would appreciate any information on them.

## WILLIAM CHAPMAN

This is the third segment in this family series. Since publishing the last account, we have been put in touch with James L. Chapman, whose address appears in the *CHAPMAN EXCHANGE*. He has done considerable research on his branch of this line, and he sent us a wealth of information which will be included as applicable. As we pick up new information and insert it, it will require that we revise some of our paragraph and reference numbers. Unless you are using the numbers, we suggest you ignore them and the following comment. If you are using them, pay attention. The small arabic numbers to the left of the lower case roman numerals shown for some of the children in some of the families normally means that is the paragraph number (bold arabic numbers followed by a (.)) at the beginning of a family group) which will be used to identify that person in the next generation. When there is no small arabic number beside the roman numeral, it means we have nothing more on that person. For that reason, in the previous issue we did not identify Moses, the son of Joseph with an arabic number as we had no more on him. Now we do, and he will be number 19, and all the others numbered in the last issue will have one added to their number. We will continue to do this in the future, so you must be careful if you are using the numbers.

**CORRECTION** In the first issue on page 8 and 9 we had a mix up on Joseph Chapman's marriage and death date. He was married sometime before 1708 and he died June 10 1725. The material James Chapman sent, suggests that the date of Mercy's death is incorrect and that she survived long enough to marry a second time to a William Chapman whom she also survived. She was still alive June 23 1743. The death reported for June 3 1725 was probably that of Mary Chapman, the daughter of Joseph and Mercy Chapman. In the first issue, page 9 under paragraph 3 the "13" should be for iii Solomon, not ii Jonathan as shown.

## EDITOR'S COMMENTS

### 1850 INVENTORY

We are not making as much progress as we had hoped to with our 1850 inventory. We now have some data on all but nine states, but we suspect that our data on Minnesota, Nebraska and Oregon is not complete. We have nothing at all on Arkansas, Colorado, Connecticut, Delaware, District of Columbia, Florida, Maine, New Mexico or Rhode Island. Some like DC and New Mexico probably had no Chappmans and all we need is word you have checked an index and found nothing. We know there were many Chappmans in Connecticut and Maine and some in Rhode Island from our work on census data for years before 1850. In fact we have already started extracting detailed family data from microfilm of the 1850 Connecticut census. We do not have access to the index information on the states mentioned and depend on you to send them to us. We have complete coverage on our Alford and Newkirk surnames, having received very good support from our readers. We are very reluctant to ask one of them to help us on our Chapman project, and feel the Chappies should respond. We now have 4,156 Chapman households identified in 1850. We will not wait until we have 100% coverage before we publish an alphabetical list in the newsletter, but we do feel we should wait for data for the three New England states mentioned above. WON'T YOU PLEASE HELP???

### FAMILY REFERENCE FILE

On the last page, as part of our *Connecting Cousins* feature we have printed part of our Family Reference File. This will prove to be one of the most useful tools we have. It will list each direct Chapman ancestor of every Chappie. Unlike the lineage table published in the first issue, this file permits much more information and it can be sequenced and sorted on any of the fields. This file will contain the family reference and the "Wanted List" data mentioned in the previous issue. In May we will have our 1984 *CHAPMAN ANNUAL* available for those of you who are interested. It will contain the name and address of all the Chappies. There will be an alphabetical sequence as well as one by code (used as reference in the Data bank and the Family Reference file). It will also include two printouts of the Family Reference File. One will be by Chappie listing their Chapman ancestors in numerical sequence by pedigree number. The other, which should prove most helpful, will be an alphabetical arrangement of the ancestors permitting you to see immediately those who share an ancestor with you. We will announce the price and availability date in the next issue.

### NEED YOUR HELP

We desperately need your help. We are not about to raise our subscription fee, at least not until after 1985 unless there is a drastic increase in printing or postal costs. We are not asking for any financial assistance, but we will provide you a brief financial report in the next issue. The help we need is in expansion. Our present circulation is just minimal and not nearly enough to make our effort worthwhile. Almost half of our costs are fixed, so we can add new

subscribers with very little additional expense. If we could double our circulation we would probably be at just about the break even point. The help you could give is by enlisting one subscriber. Certainly you know someone who is interested in our Chapman family history. Tell them about us. Encourage them to subscribe. We will do everything possible to make them glad that they became a part of our group. If you have any ideas as to how we might increase our readership, please pass them on to us. We should have another ad in the March-April *GENEALOGICAL HELPER*, but surprisingly, there are hardly enough responses to those to pay the cost of the ad.

### NEW CHART FORMAT

The chart on page 6 has a few slight format revisions. In our other newsletters there was a suggestion by a few that we discontinue the charts. There were more who wanted them continued and they had suggestions for some expansion and improvement. You will see that we are now providing data on the state and county of the births, marriages and deaths. If data is not available we are leaving space for you to add it later if you should have occasion to do so. We are also making an attempt to minimize the reduction of each chart so the printing will not be so small. If you make additions or see need for changes, please tell us about them so we can update our computer record.

### THIS IS YOUR PUBLICATION

This newsletter is prepared for you and the Chappies of the future. It is prepared about you and the Chappies of the past. We have no monopoly on ideas as to what ought or ought not be included in the publication. We want to hear from you when we include something you think is not needed or you do not like. Of course, we also would like to hear from you about the things you do like. Most of all we would like your ideas of things that could be added, features that would not duplicate information in those presently being printed, and that would appeal to a broad range of our readers.

If you have questions that other Chappies might answer, send them in and we will include them in a future issue. If they don't fit in the exchange we will put them some where else. If you have some information or an announcement that needs to be made we will be happy to do that for you. We should say, however, that we do not take advertisements as such, so we don't want any commercials.

### DO WE HAVE YOUR CHAPMAN DATA?

We have finally settled on the computer hardware and software system we will be using for our operations. We are now making significant progress in recording the data. If you have not sent us your pedigree chart and all your family group records, it won't get into what we expect to soon be the nation's largest collection of Chapman genealogical information. It would be to your advantage, as well as a help to the present and future Chappies for us to have your information so that it can be assimilated with the other information we have and be made available to people around the country.

## CHAPMAN DATA BANK

This months data bank begins on the facing page, and continues almost to the end of the newsletter. Our "C-file" was so large that we had to cut it into two segments so as not to use the entire newsletter for the data bank. The balance of the "C-file" which is from "Charlotte" to the end will be in the next issue.

This is basically the same format as we used in the last issue. There are a couple of minor changes or improvements that we will mention, but first let us remind you what is in each record. Lets use the record of "Charlie Lee Chapman" which is on page 23 for an example. None of the records are 100% complete, but this one is close to it.

The first line of each record, the three line print format, pertains to our Chapman. After their name is the date and place of birth and death then the name of the cemetery and finally the place of burial.

The second line of each record pertains to the spouse of the Chapman. There will be separate records for each spouse and the marriage, if there was more than one, will be numbered just before the name of the spouse. Notice that Charlie Lee was married twice, so he has a record for each spouse. Following the name of the spouse is the date and place of their birth and death but instead of cemetery and burial place, this line shows the date and place of marriage on the right.

The third line has an assortment of information. It begins with the c/o which means "child of" and shows the parents of the person listed on the first line of the record. At the right side of this third line is a reference to our source. This has been modified a little to use two fields or sets of spaces. The first which is always a number followed by a "B" is the book code from which we took the entry. If there is a "B" entry then it is followed by the page number. If there is no "B" entry, then the code tells us, and you when you understand our reference codes, from whom we received the information. The addition in this issue involves an entry that is sometimes used between the parents and the reference. Look at Charlie Patton Chapman who is also on page 23. You will see an "R" followed by a gap and then a "VA MECK". We have provided the capability to show in this area any other event (other than birth, death and marriage which is on line 1 or 2) on which we have information. This R means that Charlie Resided in Mecklenburg County, Virginia. If we have a date it will be entered in the space between the "R" and the location. Other codes used in the issue for this other event are "M" for military service, "C" for census (we will be changing this to "E" later so we can use "C" for christening/baptized).

Remember that the names are arranged alphabetically based on the first name, middle initial or middle name if there is one. Dates are expressed year month and day and locations are state and county (or city/town in some cases).

We provided the book codes in the last issue, but have added a new one. Code 8B is

for *FROM CULPEPER COUNTY TO THE TEAYS VALLEY* written by Mildred Chapman Gibbs.

We have tried to leave you ample room on these pages to write in new information when you make a genealogical discovery. We would ask that you periodically make a quick copy of the pages with changes and send it to us so we can update the computer record.

We have reviewed this file several times from different points of view (based on data in the different fields) in an effort to make it as accurate as possible and to minimize duplication. After making our final manuscript print, but before going to the printer we found a couple of errors we missed. You tell us about others as you see them.

On page 9 on the top or right half of the page, depending on how you are looking at it, is an entry for Caleb born 17061006 in Middlesex County. The entry showing the parents to be Nathaniel and Mary Collins is incorrect. Mary Collins was the first wife of Nathaniel but was not Caleb's mother. Caleb's mother was Hannah Bates. We failed to enter Caleb's second wife who was Abigail Lee whom he married January 11 1749. He married a third time to Mrs. Hannah Platts who died May 4 1794.

A duplication that we failed to eliminate is Charles E. or Charles Edward on pages 19 and 20. The Charles E born 1854 on page 19 is the same as the Charles Edward born 18541130 on page 20. Please mark out the entry on page 19 and revise the entry for the parents on the latter to show William Jr.

There are a couple of cases where we think we have a duplication, along with a slight contradiction of information, but we are not sure. We would appreciate any information you have to prove or refute any of this information.

On page 15, left or bottom half, there are two entries showing a Catharine marrying a Charles Jordan. In addition to identical first names, the year and month of marriage are the same. The differences are in the day of marriage and the states in which they were married. We feel that one of the records represents an error on the part of "Hunting for Bears, Inc" the source of our marriage lists, but we don't know which one to accept.

On page 16, top or right half, we have a similar situation. Notice the entries where Celia marries William Calhoun. Both show a connection with Clark County, Alabama. The months of marriage are the same but the years are one off. We can accept different days, based on one being the date the license or certificate was issued, and the other being the date of the actual ceremony. These came from separate sources, one from "Hunting for Bears, Inc" and the other from Dr. Jesse Chapman's book. He got his information from another family publication. Who knows something about this one?

What can you add to this file? We need additions, corrections, and bits and pieces to fill in the holes. We depend very much on you as a source of information. Thanks for all that you have sent thus far.

## CHAPMAN EXCHANGE CORRECTION

Kathy Carlson brought to our attention two errors we made in her inquiry, 2-64, page 19, November issue. We had a typo error in the name of the town in Kansas where Emily Jane Chapman died. It should have been Greensburg, not Greensburt. A much more significant error was our failure to include the last name of her husband. We misread the source document which was very clear. We said she married Thomas Franklin. It should have been Thomas Franklin BOFF. We regret this error and are trying to be more careful. We apologize to the reader who spent a day researching the incorrect FRANKLIN line. For those of you who might have some BOFF information, the period is 1834-1892 and Emily Jane was born in Ontario County, NY. Kathy's address is 724 Raney Court, Santa Clara, CA 95050.

I notice that we inadvertently left the ZIP's off several of the inquiries in the last issue. We must have been very tired.

Continued from page 5

JAMES CHAPMAN  
23. James, son of Jeremiah and Hannah Chapman, was born February 8 1709, probably in New London County, Connecticut. He married and had four sons, and all four were reported to have been in the Revolution. The children were:

- i. James Chapman
- ii. Richard Chapman
- iii. John Chapman
- iv. Joseph Chapman.

WE WILL CONTINUE WITH 5TH GENERATION LATER

## CONNECTING CHAPMAN COUSINS

We introduced this feature in our first issue, but lacking material, omitted it from the second issue. We have some interesting connections to report this time however. It is remarkable that those reported below even have a direct relationship to those mentioned in the first issue (page 18 & 19). In fact, it seems to be the very same JOSEPH CHAPMAN who is causing the problem.

Printed below are the entries in our Family Reference File for three Chappies. (You will be hearing more about this file, and how it relates to you, in the future).

Notice that Elvin and James Chapman have common ancestors with Simon born 1812 through Moses born 1711. Notice also that Marion Hays has a common ancestor in Uriah born 1731. Marion has been unable to identify the father of his Uriah, and maybe this will help him. Our problem comes with the father of Moses. Elvin shows the father of Moses to be Joseph Chapman, born 1682 while James shows him to be Joseph, born 1667. It was this Joseph, as the father of Aaron that caused our problem in the first issue.

We are not in any position to say who is correct, but we do offer the following information that was gleaned from two of our 19th century Chapman references:

The EDWARD CHAPMAN of Ipswich, Massachusetts book published in 1878 does list a Joseph Chapman born March 1682 who married a Winworth of Rowley February 5 1707. Joseph was the son of Simon or Symonds, born 1643 and Mary Bruer. Simon was the son of Edward Chapman, the progenitor of those listed in the book. Unfortunately the book makes no further mention of the spouse or descendants of Joseph, born 1682. There is only one Moses Chapman mentioned in the book, and he was the son of Amos Chapman, and he died young. *THE DESCENDANTS OF EDWARD ARE BEING DOCUMENTED SERIALY IN THE NEWSLETTER AND WILL BE THE BASIS FOR A SEPARATE PUBLICATION TO BE ANNOUNCED AT A LATER DATE.*

The 1854 CHAPMAN FAMILY book which documents the descendants of Robert Chapman and contains genealogical notes on William Chapman and several others mentions the other Joseph Chapman. While the Edward Chapman family seemed to be primarily a Massachusetts and Northern New England (New Hampshire and

Maine) family, the Robert Chapman bunch is more a Connecticut family. William Chapman who was one of the early settlers of New London, Connecticut (1657) had a son named Joseph who was born 1667. Joseph married Marcy \_\_\_\_\_, and had eight children of whom one was Moses born November 10 1711. The book has nothing further to say about Moses. *THIS CHAPMAN LINE IS ALSO BEING REPORTED ON IN THE NEWSLETTER.*

While we have noted some minor errors in these early Chapman references, we have no reason to doubt their Joseph Chapman data. These references and the fact that the descendants listed by the Chappies were from the Connecticut area causes us to lean towards the lineage of Elvin Chapman as the correct one.

Should you wish to contact Chappies involved with this Joseph Chapman connection they are as follows:

Elvin Chapman, 1105 Kramme Drive, Fort Dodge, IA 50501
